Electric Stacker 1.4T

- Strong drive power
- Operation safety assurance
- Easy steering

FEATURE

■ Strong drive power

RSB141 adopts EP' s second generation BLDC motor drive technology to offer strong drive power and save the maintenance trouble of replacing carbon brushes.

■ Easy steering

The truck is equipped with electronic steering as standard to reduce steering strains and to offer better maneuverability in operation.

■ Operation safety assurance

RSB141 is proven safety by passing the industrial rollover test. Intelligence auto-break making it a safe helper when working on the slope. The low ground clearance also lowers the risk of foot injuries significantly.

■ Better stability of stacking

RSB141 comes with a tiller which provides two-speed lowering function. Operators can take advantage of different speed modes to enable more precise fork control and achieve better stability of goods stacking.
